SEARCH AND SELECTION

PROFESSIONAL RECRUITMENT AND SELECTION

I assist with both Search and Selection for top manager functions and for the key employee. My network means that I have an empathy for what is happening in the Danish business community and I am in constant contact with a number of key players in the Search and Selection industry. I always work discreetly and under tightened confidentiality and use our own unique profile tool Identity Blue Print in analysis and matching. The optimal is when I already advise the company and therefore have a Management Team Identity Blue Print to work from. If not available, it must be prepared as step 1.

I provide a 12 month guarantee on all agreements entered into and signed – unless otherwise agreed separately.

My fee is one monthly salary – however a minimum of DKK 85,000, – excl. VAT per. signed contract.

Price for a Management Team Profile is DKK 12,900 ex. VAT and 15,000 ex. VAT pr. Identity BluePrint Profile with accompanying analysis interview.

Feel free to contact me if you have specific questions about method selection and procedures regarding Search and Selection.

If you want to hear more, call us on 33 11 44 22 or email sn@sebgruppen.dk

Teacher

Sebastian Nybo is a renowned author, lecturer and business psychology consultant with international experience and network. He has worked with organizational development and High Performance Teams for more than 30 years. As a participant, you get access to both his deep professional knowledge as well as concrete experiences from a large number of companies that he has advised and supported up to the High Performance Team. He has developed a wide range of effective and unique tools that provide an overview of the change process from group to High Performance Teams – which you as a participant in this seminar get unique access to.

Sebastian is also the author of the 12 theories and models that are part of the SEB theory set, and in recent years has specialized in the topics of Sustainable Innovation, Team Culture and Evolutionary Psychology.

He has taught more than 350,000 people both at home and abroad and has many years of experience in teaching and advising managers and key employees, and is today considered an authority in his field.
